Gold prices in the last period 'golden' era came to an interesting comment while Duke University professor Campbell Harvey. Harvey, the already high level of gold prices could move downward, and suggested that in the next period.

While the rapid rise in gold prices, estimates of future added an interesting comment. Duke University Professor Campbell R. Harvey, the already high level of gold prices could move downward, and suggested that in the next period. **'PRICES ALREADY HIGH'**

Harvey who closely follow the international commodity markets, "If we look at the historical change of the price of gold, prices are already high level. Than the next period it more likely to follow a downward trend. In this case, again in 1600 dollars in gold prices in the coming period çikistansa a much higher level of \$ 800 probability "predicted.

As the RISING CONCERN

Of gold this year, some investors confidence in the quality of the metal loses value protection made with 19 percent indicating downward expert, said: "I have some of the factors affecting the decline hunch. Gold prices generally rise with increasing concern. Bullion more people to see the levels of 1900 U.S. dollars the worry that shut down in a trap similar to Japonya'dakine, gelmesindendi the brink of fragmentation in Europe almost. "

'ON THE BOARD OF TRADE OF FEAR'

A recent U.S. economic data in the United States in accordance with the Central Bank's bond program to come out with reference to the acquisition of Harvey, made the following assessment. "In my opinion, we are in a trade built on fear. U.S. economy is growing and there are some signs of a beginning of recovery of the EU economy. Secondly, the emerging economies like China and India rise in gold prices can be seen in the increasing demand for gold." **AA**
