### ISTANBUL - Gökhan Rescue

Gold, signs of improvement in the U.S. economy, the Fed could start to reduce incentives to reinforce expectations, despite the increase in the last five weeks, registering the best weekly Professor of International Economics at Duke University and then responded to questions from the AA correspondent, Campbell R. Harvey, "Gold prices look at the historical course of the already high level of prices. More to follow in the next period it is more likely to be a downward trend. In this case, the next period, the gold price again a much higher level of \$ 800 in 1600 dollars çıkıştansa probability "predicted.

Garanti Bank Gold and Money Markets Expert Alper Kalyoncu the "Gold prices can say that the physical demand upward. The Far East, China, India and Turkey, under the physical demand. This is supported prices. Many institutional investors have already sold their long positions because they already did not make extra sales. Amount of physical demand, prices could be passed on up and coming, but I do not think the range of 1370-1420 dollars. Physical demand will be reduced in this range, "predicted.

Kalyoncu, "looks like we may in the future between 1300-1400 dollars. In general, the direction is still down. U.S. 10-year bond yields continue to come up. Expansionary monetary policy of the Fed is signaling'm going. This is a downward movement in the coming period, the show could be, "he said.
