Gold prices in the last period 'golden' era came to an interesting comment while Duke University professor Campbell Harvey. Harvey, the already high level of gold prices could move downward, and suggested that in the next period.

While the rapid rise in gold prices, estimates of future added an interesting comment. Duke University Professor Campbell R. Harvey, the already high level of gold prices could move downward, and suggested that in the next period.

'Rates ALREADY HIGH'

Harvey who closely follow the international commodity markets, "If we look at the historical change of the price of gold, prices are already high. More to follow in the next period it is more likely to be a downward trend. In this case again the next period, gold prices much higher than the 1600 level of \$ 800 dollars a possibility çıkışansa "predicted.

As the RISING CONCERN

Of gold this year, some investors confidence in the quality of the metal loses value protection made with 19 percent indicating downward expert, said: "I have some of the factors affecting the decline hunch. Gold prices generally rise with increasing concern. More than 1,900 people to see the levels of gold in dollars of the United States have closed a trap similar to Japonya'dakine worry about, gelmesindendi the brink of fragmentation in Europe almost. 'ON THE BOARD OF TRADE OF FEAR'

A recent U.S. economic data in the United States in accordance with the Central Bank's bond program to come out with reference to the acquisition of Harvey, made the following assessment. "In my opinion, we are in a trade built on fear. The U.S. economy is growing, and there are some signs of a beginning of recovery of the EU economy. Second, emerging economies such as China and India, the rise in gold prices can be seen in the increasing demand for gold. "AA
