Gold is running a new record. At the end of a summit last week, decided to shut up and that a rising gold price this route remains in the new week. Week, rising to \$ 1,365 an ounce at the close of this week has made investors more of a surprise.

Level of \$ 1,380

New week, which is quite good mood is trading at \$ 1380 an ounce of gold. Gold, this price also on the record was the catalyst for two months. Good signals from the U.S. economy to support the increase in the U.S. Center Bank (Fed) can reduce incentives concerns.

RISE Does it Take?

However, there are also opinions that which would be a short-term rise. Professor of International Economics at Duke University, said Campbell Harvey, "The Golden prices more likely to follow a downward trend in the next period," he said.
