What is the latest situation in gold prices? Although a quarter of gold? 19 08 2013

19/08/2013 10:51:18

What is the status of gold prices in the last weeks of living decline? Although a quarter of gold? Decline in the last two years living on the base of the fall in gold prices, which experts warning came on. What is the final price in the quarter? Rising gold prices down to a traffic monitoring is considered to be probable.

Who closely follow the international commodity markets, Campbell R. Professor of International Economics at Duke University Harvey, the already high level of gold prices, noting that in the next period is more than likely to follow a downward trend, he said.

Today, Monday 19 August 2013, the first working day of the week What's the latest quarter gold price? These days, days spent in moving the gold markets, escalating firm and ririkçe the bottom quarter. Investors in pursuit of pleasure these days, the price of gold, jewelers should end the strike of the opinion that no longer mint. Quarter of the price of gold How much? 19/08/2013.

Gold, signs of improvement in the U.S. economy, the Fed could start to reduce incentives to reinforce expectations, despite the increase in the last five weeks, registering the best weekly Harvey then answer the questions, "If we look at the historical change of the price of gold, prices are already high level. Than this downward trend in the next period more likely to follow. again in this case gold prices in the coming period, much higher than the 1600 level of \$ 800 dollars a possibility çıkıştansa "predicted.

Acceleration rate of the display to show up later in the quarter rejoices gold investors, gold markets follow from moment to moment. What's the latest from the gold market these days, almost a vitality? Markets in recent months, starting and making a difference amounting to about 15 mints of strike indicators, jewelers, and thus leaving investors in the lurch. Although £ 151 in gold prices, jewelers are creating a difference in sales. Today, Monday 19 August 2013, What's the latest quarter gold price?

"BE downward movement"

Alper Kalyoncu Gold and Money Markets Expert Garanti Bank, the "physical demand for gold prices can say that up. Far East, China, India and Turkey, under the physical demand. This is supported prices. Many institutional investors it has already sold their long positions for the extra sales that already did not. Prices are up to an amount of physical demand in the future could be passed on, but I do not think the range of 1370-1420 dollars. physical demand will be reduced in this range," predicted.

Kalyoncu, "looks like we may in the future between 1300-1400 dollars. General direction is still down. U.S. 10-year bond yields continue to come up. Expansionary monetary policy of the Fed is signaling'm going. This show could be a movement downward in the coming period," he said .
