Covered grams of gold stands at 85.96 pounds. free market of $ 1.9442 pounds, 2.5901 pounds in euro changing hands.

Spot gold trading day eight of the nine remaining earnings are closed.

Gold prices increasing the weakening dollar, technical and physical demands purchases was effective.

Large investment companies to stop the outflow of funds to invest in gold prices supported.

Investment analyst at Phillip Futures in Singapore Joyce Liu, "Gold prices look good at the moment. Gold output seems to have ended," he said.

Price per gram of gold began to rise slowly, but a pretty long does it take to get the price seems to be old. We will quickly slow the descent, but the output looks like. Of course, there are those who are rich in the gold prices. From the lowest level of the price of gold at around £ 73. Now grams of £ 10 as there is a profit.

Gold prices have been highlighted below its current status. Quarter of gold, full gold, half gold, gold, gold prices per gram and the following table.

Gold stocks decline and demand increases the effect of physical purchases in the last five weeks with a two-month peak appeared headed for the best weekly performance. Since October 2011, the rise of the best weeks of preparing silver.

Spot gold rose 0.5 percent to $ 1,372.97 per ounce, its highest level since June 19 after, with the 09:57 Singapore time in, came to $ 1,367.67. Silver was little changed at $ 23.01 per ounce. Silver yesterday, 27 June saw the lowest level of the past 34 months increased by 20 per cent, the situation was referred to as the bull market.

Gold this week, declining stocks, increased physical demand environment, the metal rose to 4.1 cent for the time raising interest in alternative investments.
and the best week since the week ending July 12 directed for the performance show, MSCI All Countries World Index of stocks index, the Fed's asset purchases will reduce the concern with the improvement in the U.S. economy, with the fall of last week and then directed for this week to take the loss.

China, Hangzhou Yongan Futures Co. analyst Yang Xi, "1,350 dollars upward break is still the continuation of the Fed's asset purchases will reduce the expectation, but brought a rally from the purchase of closing a short position," he said, and "physical demand for gold, depending on the rising and falling prices between the two, silver, industrial demand will increase along with the economic recovery is well positioned due to the more "the assessment found.

FALLS AGAIN SAID However, there are also opinions which will be a short-term rise. Professor of International Economics at Duke University, said Campbell Harvey, "Gold prices are likely to trend downward over the next period," he said. Day of the week August 16, 2013. What about gold prices? Gold prices rose crashed? Is the damage to enrich get gold for profit? Gold gold prices before you need to look at the course. Positive and negative impact on the developments in the world price of gold. Today, August 16, 2013 Fri apolyasalar bugünün closing. Gold prices jumped. What is the latest situation in gold prices? What does the sudden rise in gold prices? Experts for gold prices says what? Here are the answers to all your questions on gold prices curious. Is this concern thee to profit from gold? As a rise in the previous week after Eid Eid füşüş gold has experienced. Gold began to rise next week, August 14, 2013, gold prices today. Today, a quarter of gold being offered for sale 139.54 pounds. According to some experts, gold investors feast for a big surprise. Experts say might be waning under the Response Sales of gold investment tool in re-lof 16 dollar value loss of speed on Procurement for termination. As we emphasized last mentioned in 1320 under the support until the withdrawal response was seen in sales.

Last week's most profitable means of investment in the first half of the year the increase in the global demand for gold, the rise in prices in the assessment Hrusheswky the AA correspondent, investors in China and India, through the purchase of gold at a lower price, they look to be providing support for prices, said: "China the gold demand is rising and the Chinese investors in relation to India, plays a big role in this," he said.

Hrusheswky reminiscent of India is traditionally the largest gold receiver, "the government attempts to manage their current accounts by restricting imports of gold, now I believe you have not seen very much in demand. People will find a way in this context," he said.

Hrusheswky, advice to investors under the direction of long-term investments to make, "Gold will continue to serve in his role as being a safe savings vehicle. Many Western government-owned 'rising debt levels from an absence of disciplinary forgotten. Governments to reduce debts by reducing the value of currencies Struggling to. For this reason, gold prices will rise from current levels, "the assessment found.

"Long-term gold market, improvement in the ability to reduce the risk of recording"
Investment Marcus Grubb, Managing Director of the World Gold Council, gold is an increasingly complex and volatile financial markets, a simple, transparent and accountable to a physical entity that delivers, stating that the "golden fall into the long-term, the underlying improvement in terms of advanced features and the ability to reduce market risks records. Small amounts of gold portfolios, demonstrating improved yield stability, are usually much more durable and better cope with the uncertainties of the market has proved to be," he said.
Gold investment demand is rising steadily Grubb last 10 years, "Gold, representing less than 1 percent of total global investment assets. This is still very important market opportunities for growth in gold investment means. During the quarter, compared to last year strong capital inflows increased to 78 gold bullion and coin, which is under the sign of investors' Interest are protected, "he said.
"India, to support economic growth should increase the national gold stocks"
The world's largest gold market in India and also answered questions on China Grubb, the decline in prices in the second quarter of gold jewelry, gold bullion and coin demand is encouraged, it increases appetite for investment in Asia, said consumers. Grubb, 54 percent of the time in China, jewelry demand in India increased by 51 per cent recalled. Chinese consumers are taking advantage of low price of gold that they had obtained, in the case of a rising trend Grubb voicing sold, "jewellery is usually quiet in the second half would be in China in terms of demand. Unexpectedly in April, after the fall of gold prices, the rise in demand occurred, and quickly run out of stock jeweler" she said. Grubb, restrictions on gold imports in India, next to the government, the Central Bank of India falling rupees that many measures to support and to reduce foreign exchange outflows, said: "the nature of gold demand, limiting the level of retail demand of gold to be difficult, and therefore demand the execution of applications meet unauthorized channels. the World Gold Council, in accordance with the policies of India, believes he sees as the presence of a strategic investment in gold. Moreover, in order to support economic growth in line with long-term policy objectives should increase the national gold stocks "were found in evaluations.

Global Gold Trends
Global Gold Trends report released last week by the World Gold Council, global gold demand in the second quarter of this year, 856.3 tons, 508 tons of global investments in gold coins and bullion had been.
Countries observed a significant increase in demand for jewelry in the second quarter, compared to the same period the previous year, 54 percent of jewelry demand in China, India, 51 percent, 33 percent in Turkey and the Middle East rose 38 percent.
During this period, China's continued strong growth in consumer demand, the prices will increase in the future in anticipation of gold increased by 87 per cent compared to the same quarter of the previous year and the reception of this year reached a total of 276 tons. India gold imports in the first quarter of the government to raise taxes in order to avoid the rise, despite increased by 71 percent compared to last year, consumer demand was 310 tonnes.
