

QUARTER GOLD PRICES STILL HAD FUN!

Quarter, gold prices August 19. What will be the gold prices? Although gold prices will rise a quarter? Gold prices today, the current gold price, gold prices

Spot gold prices declined slightly to 1,384 dollars to that level again after a two-month peak close watching.

Recent weeks starting spot gold over \$ 1,376, up to \$ 1,386 in the session Taking the highest level since June 18, was seen. 0.2 per cent premium to the spot price per ounce of gold at \$ 1,379 is watching.

Spot gold trading day eight of the nine remaining earnings are closed. The increase in gold prices, the weakening dollar, technical and physical demands purchases was effective. Large investment companies to stop the outflow of funds to invest in gold prices supported.

Phillip Futures investment analyst in Singapore Joyce Liu, "Gold prices look good at the moment. gold output seems to have ended," he said.

RISE Does it Take ?

However, there are also opinions that which would be a short-term rise. Professor of International Economics at Duke University, said Campbell Harvey, "Gold prices are likely to trend downward over the next period," he said.
