Who closely follow the international commodity markets, Campbell R. Professor of International Economics at Duke University Harvey, the already high level of

gold prices, noting that in the next period is more than likely to follow a downward trend, he said. gold, signs of improvement in the U.S. economy, the Fed could start to reduce incentives to reinforce the expectation, but the best weeks of the last five weeks, registering an increase Harvey then answer the questions, "If we look at the historical change of the price of gold, prices are already high level. than the next period it more likely to follow a downward trend. again in this case gold prices in the coming period 1600 level of \$ 800 dollars a much higher probability of çıkışansa" predicted that **"China and India DESPITE THE FALLS"** A recent U.S. economic data in the United States in accordance with the Central Bank's bond program to come out with reference to the acquisition of Harvey, the following assessment: "In my opinion, we are in a trade built on fear . U.S. economy is growing and there are some signs of a beginning of recovery of the EU economy. Secondly, the emerging economies like China and India rise in gold prices can be seen in the increasing demand for gold. Nevertheless, I still think that this trend will be for a short time. " **"WAYDOWN MAY MOVE "** Gold and Money Markets Expert Alper Kalyoncu **Garanti** Bank, the "physical demand for gold prices can say that up. Far East, China, India and Turkey, under the physical demand. This is supported prices. Many institutional investors have already sold their long positions because they already did not make extra sales. Prices are up to an amount of physical demand in the future could be passed on, but I do not think the range of 1370-1420 dollars. physical demand will be reduced in this range, "predicted. Kalyoncu, "future periods between 1300-1400 dollars We may seem to be. general direction is still down. U.S. 10-year bond yields continue to come up. expansionary monetary policy of the Fed is signaling'm going. This show could be a movement downward in the coming period, "he said.
