bond program to come out with reference to the acquisition of Harvey, the following assessment: "In my opinion, we are in a trade built on fear. The U.S. economy is growing, and there are some signs of a beginning of recovery of the EU economy. Secondly, the emerging economies like China and India rise in gold prices can be seen in the increasing demand for gold. Nevertheless, I still think that this trend will be for a short time." Harvey is also demand for gold some emerging economies that make up a significant portion of the state is not very bright, said: "India has already had to deal with a very serious and comprehensive problems. fact, at the beginning of the Central Bank has recently (2008 global economic crisis, few economists can predict the correct one) Raghu Rajan 's was. China is growing much more slowly than currently estimated. China hard landing or a soft landing is currently being discussed will," he said. "MAY downward movement" Gold and Money Markets Expert Alper Kalyoncu Garanti Bank, the "I can say that the physical demand for gold prices upward. Far East, China, India and Turkey, under the physical demand. This is supported

prices. many institutional investors have already sold their long positions because they already did not make extra sales. amount of physical demand, prices could be passed on up and coming, but I do not think the range of 1370-1420 dollars. physical demand will be reduced in this range, "predicted. Kalyoncu, "looks like we may in the future between 1300-1400 dollars. general direction is still down. U.S. 10-year bond yields up continue to arrive. expansionary monetary policy the Fed is signaling'm going. This show could be a movement downward in the coming period, "he said.
