Will continue to fall under the trend
Foreign economists to investors by the end of the gold rush era of the opinion that you might have.

Of the U.S. economy, the Fed's asset purchases to reduce the be strong enough to support the continuation of gold continued to fall with the expectation that foreign economists to investors by the end of the gold rush era could have predicted.

More likely to have serious decline’’’

Answering questions regarding the course of gold prices in international commodity markets closely follow Campbell R. Duke University Professor of International Economics Harvey " in the United States with the economic recovery of the confidence to continue to increase under the never before seen price increases, which was the basis of fear eliminating, gold as of last year by 28 percent lost value. Ben Gold's rise the probability is very small I see. gold price in the great decline of much more likely “ he said.

" May" is below THOUSAND DOLLARS
Gold prices and U.S. interest rates close correlation in advance stating Harvey, said:
"Recent data in light of the already 3 percent, the U.S. interest rate to 4 percent likelihood there. If this happens, gold prices in 1000 dollars to below we can see that. U.S. interest rates increase of economic power has increased the fundamental one of the indicators. people's economic environment related concerns decreases, gold decline will continue. Gold demand in the two largest countries, one of India last year as gold trade restrictions to the price of gold lower trend mainly was effective. Chinese all commodity prices could affect the performance of the assets have the power. weak growth in the Chinese economy indicators may adversely affect the demand for gold. Also in 2014, India's economic growth is expected to slow. “

FALL UNDER THE TREND" In"
From Johns Hopkins University economist Steve Hanke below the trend is downward, stating that year on the first day the price of gold amount surged, trend downward, he said. U.S. Central Bank of the Fed's 85-billion-dollar monthly bond purchase program to reduce the stepping, current economic data in the United States in reducing the rate of bond purchases in the expectation that it could determine the gold prices is causing the downward trend to continue.
POSITIVE WORLD GOLD COUNCIL
World Gold Council central London the gold market demand outlook on the more positive opinions have stated, the following statement was: *"As of last year in the gold market from West to East shift in demand have observed. Indian government's current account deficit to take control restrictions in the gold market have a significant impact was. While in China still people with gold, a new rising of a class due to an emotional connection there. This is why in recent years in China, demand for gold in the significant increase was seen. China's middle class, the demand for gold in 2014, the strong remained will."*

Duke University International Economics Professor Harvey: *"a great decline in the price of gold is much more likely"*
