Local Press

‘Gold hiic my’ period ends wild economists investors, dim assigned to the offensive end of an era to the point that he might have a Duke University Professor of International Economics Harvey Gold prices At traversing a great decline is much more likely to say Economist Hank Under trend down Yonta, "he said

Further, the request may adversely affect 2014 Do you see economic growth of India in the goldbuhnduaq optimistic predictions about the economy. Fed to continue to reduce its presence at destekly with the expectation that is strong enough togold continued to fall, wild, dim economists Oblate studies under By the end of the transfer may have attacked predicted Duke to Uravesaes International Bioncm Professor Campbell R Harvey. Gold tumbled 28 percent as of last year I gold I see a very small increase in the likelihood of Gold declines in prices was the name he said that the attitude of a lot more last year Ahmar price per yatınmaıann PERFoRMANCE Harvey had serious losses as striking atmosphere of confidence in the U.S. economic recovery is expected to slow wih Duke Hopkins TRENDS FALL WOOL economist Steve Hanke from the University de understating that the downward trend of the year, eg, the amount of the price increase on the first day that altm, betam trend is downward. The Fed's $ 85 billion dollars worth of U.S. Central Bank monthlybondpurchase program to take the take from hungry. Current economic venlenn in the USAbond reduce the rate of uptake of beta leyebû ilmsadak the expectations, gold to continue the downward trend of prices Causes. On the other hand carpet readyunder physical demand in India I baakarak gene number as last year gold celebration China, which has become the continues Especially in China physical\text More \text - tr * stan increase from $ n, with ^ reward. year: the price arfiganlamn tems \text - click \text 'on the 1.825 52 d jf Ü V; 5Wag basis for the last six before eliminating the fear thatGold2S percent rate as last year lost value. I see a very small increase in UNM I belong ihtma\text lGolddeclines in prices was the name he said is much more likely. 1000 DOLLARSSixAtan can RATES U.S. interest fiyauanm n w emoments in the vicinity of this correlation, indicating that nudge Harvey, said: Senveril in the raw state in the light of which 3 percent to 4 percent of U.S. interest rates are likely to rise. If this occursgold the level of prices in 1000 do3 under We can see that the increase in the economic power of the United States fa \text ienn showing that increased people's economic environment is...
one of the main indicators about decreases worry gold would have continued to fall: Gold the two largest countries in the area of demand in India as of last year more than a thousand gold trade restrictions Aymen be brought Further rallied the lowest level. China's largest spotgold market in Shanghai, which Gold Efforts made to the Stock Exchange in 2013 gold delivery of 1,139 tonnes above the previous year ku announced that 297 tons interests WORLD GOLD COUNCIL OF POSITIVE World Gold If the Council in central London gold market demand outlook UISK to have a more positive opinion stating that, as of last year has made the following statement goldmarket demand towards East or KAYMAS have observed from BCG. Control of the government of India can opener get, dim restriction gold Oddi impact on the market in China is still a wound with the ancestors of humans new yuksea a class due to have an emotional bond so in recent years in China goldOddi has seen an increase in demand. O's in the middle classgold request 2014 te to watch GÜÇHAN will continue to
