According to economists, fall under the to be continued Foreign economists and investors may have come to an end for the gold rush era of the opinion that ... Duke University Professor of International Economics Harvey: "Goldprices more likely to have experienced severe declines "Economists Hanke:" Under trends downward "of the U.S. economy, Fcd's asset purchases to reduce the continuing strong enough to support conclusion that it was with expectations of gold continued to fall, foreign economists for investors gold rush era coming to an end could have predicted. correspondent gold pricethe international commodity markets of soma answered on the course followed closely International Economics at Duke University. Professor Campbell R. Harvey, gold tumbled 28 percent as of last year. I'm seeing a very small possibility of the rise of gold.

Goldprices more likely to have experienced severe declines "he said. Gold investors last year price performance as that experienced significant losses striking Harvey, "With the economic recovery in the United States under an atmosphere of confidence to continue the never before seen increased pricewhich was the basis of the increase eliminates fear. Gold has tumbled 28 percent as of last year. I'm seeing a very small possibility of the rise of gold. Goldpricesmore likely to have experienced serious declines, "he said. RizeSun Newspaper
